Referral Program

(As of 15 March 2024)

If you recommend us and we gain new customers as a result, we want you to receive a reward. You can refer friends as follows:

1. As an ATHLYZER user, i.e. if you have an active Rookie, Professional or Expert account or a trial account (see item 5), you can use the “Referral Code” button to generate a personal link that you can share with your friends.

2. If someone becomes a new paying ATHLYZER customer via this link, you will receive a reward of EUR 50.00 per new customer.

3. As soon as a legally binding contract has been concluded between ATHLYZER and the referred person, we will let you know that you have earned a reward and through whom.

4. The first payment made to ATHLYZER by the person you referred triggers the credit of your reward, which we will automatically deduct from your next invoice.

5. If you are still a trial user yourself, a credit requires that you have become an ATHLYZER customer yourself by that time.

6. If your use is paid for by your club, your club will receive the reward as a credit on its next invoice.

7. You have referred several fellow coaches who want to become new customers? Great. You will receive a reward credit for each person and each sign-up.

8. For data protection reasons, please note that ATHLYZER must link your data with the data of the coaches you referred in order to process the reward.

This English version is a convenience translation. Only the German version of the referral program is legally binding. In the event of any discrepancy between the two versions, the German version shall prevail.
