General Terms and Conditions for the Time-Limited Use of the Software ATHLYZERteam and miniATHLYZER

(As of 29 October 2026)

This English version is a convenience translation. Only the German version of these General Terms and Conditions is legally binding. In the event of any discrepancy between the German and the English version, the German version shall prevail.

Preamble

ATHLYZERteam is a software of ATHLYZER GmbH for creating video-based analyses. For this purpose, ATHLYZERteam enables the creation of analysis schemes according to individual requirements, their application and the presentation of the analysis results. These and other functions can be created locally in the ATHLYZERapp and transferred to other devices via the ATHLYZERcloud.

miniATHLYZER is a software of ATHLYZER GmbH for creating video-based analyses. For this purpose, miniATHLYZER enables the use of analysis schemes, their application and the presentation of the analysis results. These and other functions can be created locally in the ATHLYZERapp.

Use of the software is offered in various packages with different scopes of functions. The details are set out in the price and feature overview applicable at the time. ATHLYZER GmbH (hereinafter the “Lessor” or “ATHLYZER”) rents out the aforementioned software products to its contractual partners (hereinafter the “Lessee”).

In the case of miniATHLYZER, the display of advertising is permitted in order to enable the particularly low subscription prices. On this basis, miniATHLYZER licences may also be financed by third parties (sponsor partners) and provided to the Lessee (sponsored recipient) free of charge (sponsored licences, § 13). Advertising is not intended for ATHLYZERteam; sponsored licences are not available there.

Where these General Terms and Conditions refer to the “Lessee”, this means, in the case of sponsored licences, the sponsored recipient and not the paying sponsor partner.

When creating (ATHLYZERteam) and when using (miniATHLYZER) analysis schemes, the software uses artificial intelligence functions. Details are governed by § 12.

§ 1 Subject Matter and Scope of Application

1. The subject matter of this contract is the provision of ATHLYZERteam or miniATHLYZER against payment – referred to as a subscription – for the time-limited use of the software in accordance with the price and feature overview applicable at the time. In the case of sponsored licences, the software is provided to the Lessee free of charge; the costs are borne by a third party under a sponsorship partnership with ATHLYZER (§ 13).

2. These terms apply both to consumers (Section 13 German Civil Code, BGB) and to entrepreneurs (Section 14 BGB), legal entities under public law and special funds under public law. Provisions that expressly apply only to one of these groups are marked as such.

3. Deviating terms of the Lessee shall not become part of the contract unless ATHLYZER agrees to their validity in text form. This also applies if ATHLYZER performs its services without reservation in the knowledge of such terms. This clause does not apply to consumers.

4. As documentation, the Lessor provides an online user manual at https://athlyzer.notion.site, which makes it possible to access explanations of the functionalities while the software is in operation.

5. Installation of the software is not owed.

6. The characteristics and functionality of the software are set out in the price and feature overview applicable at the time, which can be viewed on the website www.athlyzer.com. The information contained therein is to be understood as a description of performance and not as a guarantee. A guarantee is only given if it has been expressly designated as such.

7. The software is continuously updated to remedy errors and otherwise at the Lessor's discretion and is therefore subject to updates and changes (§ 8).

§ 2 Conclusion of Contract

1. The presentation of the packages on the website does not constitute a binding offer. By submitting the order, the Lessee makes a binding offer.

2. The contract is concluded when ATHLYZER confirms the order in text form or activates the software.

3. The contract text is stored by ATHLYZER and sent to the Lessee on a durable medium after conclusion of the contract.

4. The language of the contract is German.

§ 3 Right of Withdrawal (Consumers Only)

1. Consumers have a statutory right of withdrawal in accordance with the withdrawal notice in the annex to these terms.

2. The right of withdrawal expires prematurely if ATHLYZER has begun performance after the consumer has expressly consented to ATHLYZER beginning performance before the end of the withdrawal period and the consumer has confirmed his or her knowledge that he or she loses the right of withdrawal by giving such consent (Section 356 (4) and (5) BGB).

3. ATHLYZER obtains this consent and acknowledgement separately during the ordering process. If consent is not given, the software will only be activated after the withdrawal period has expired.

4. Entrepreneurs have no right of withdrawal. There is likewise no right of withdrawal for sponsored licences, as the software is provided to the Lessee free of charge (§ 13.3 no. 2).

§ 4 Term and Termination

1. The rental relationship begins on the day of activation (§ 6 no. 2) and has a fixed term of 12 or 24 months for ATHLYZERteam and of 12 months for miniATHLYZER.

2. Consumers: The contract may be terminated in text form with a notice period of four weeks to the end of the contract term. Otherwise, the contract is extended for an indefinite period and may then be terminated in text form at any time with a notice period of one month.

3. Entrepreneurs, clubs and other Lessees: After expiry of the agreed term, the contract is extended by the same period for which it was originally concluded, i.e. by 12 or 24 months for ATHLYZERteam and by 12 months for miniATHLYZER, unless the contract is terminated in text form no later than three months before the end of the term.

4. Nos. 2 and 3 do not apply to sponsored licences. Sponsored licences end upon expiry of the respective sponsorship period without the sponsored recipient having to give notice of termination. They are not tacitly extended and do not automatically convert into a paid subscription (§ 13).

5. ATHLYZER reminds the Lessee in text form of the upcoming extension no later than six weeks before the end of the notice period under no. 3 and states the end of the notice period.

6. The right to terminate for good cause remains unaffected. Good cause for the Lessor exists in particular if

a) the Lessee substantially violates the Lessor's rights by allowing a third party to use the rented item without authorisation,

b) in the case of annual payment, the Lessee has not paid the rent four weeks after the due date despite two reminders sent to the Lessee by e-mail,

c) in the case of monthly payment, the Lessee is in default with payment of the rent or a not insignificant part of the rent for two consecutive due dates, or, over a period covering more than two due dates, is in arrears with an amount equal to two months' rent,

d) the Lessee uses data, images or content with the software for which the Lessee does not hold the necessary rights of use.

7. Notices of termination must be given in text form.

8. After termination of the rental relationship, the Lessee must uninstall the software from all devices and irretrievably delete any remaining recognisable software residues from the IT system. At the Lessor's request in text form, the Lessee must provide evidence of the fulfilment of these obligations.

9. The Lessee may export the data created with the software until 30 days after the end of the contract. Thereafter, the data will be deleted unless statutory retention obligations prevent this.

§ 5 Remuneration

1. For the provision of the software, the Lessee pays the agreed remuneration (rent). Prices stated to consumers include statutory VAT; prices stated to entrepreneurs are exclusive of statutory VAT.

2. If the term has been extended for an indefinite period in accordance with § 4 no. 2 sentence 2, the current monthly remuneration is payable monthly in advance, unless otherwise agreed.

3. If the term has been extended in accordance with § 4 no. 3, the current annual or two-year remuneration is payable in advance in accordance with the originally concluded contract, unless otherwise agreed.

4. ATHLYZER notifies price changes for extension periods in text form no later than four (4) months before the start of the extension period and separately points out the right of termination, the applicable notice period and the end of the notice period. The notification is thus always made before the notice period under § 4 expires. If the Lessee does not object or does not terminate in due time, the new price applies to the extension period.

5. If the rent is collected by direct debit authorised by the Lessee, the Lessee is obliged to ensure sufficient funds on the agreed due dates. If a direct debit is not honoured for reasons for which the Lessee is responsible, ATHLYZER is entitled to charge the specific expenses incurred as a result, but at a flat rate of no more than EUR 10.00. The Lessee remains entitled to prove that no damage or significantly less damage has been incurred.

6. If the Lessee fails to meet its payment obligations despite two reminders sent by e-mail to the stored address, ATHLYZER is entitled to block use of the software until all arrears, including the amounts under no. 5, have been settled. The agreed rent remains owed for the period of the block. ATHLYZER announces the block with reasonable notice.

7. In the case of monthly payment, the rents owed until the end of the fixed term become due immediately if the Lessee is in full default with at least two consecutive monthly instalments and ATHLYZER has unsuccessfully set the Lessee a grace period of two weeks.

A Lessee who is an entrepreneur may only set off claims that are undisputed or have been finally established by a court.

§ 6 Provision and Access

1. The software is made available for download on the website www.athlyzer.com. The Lessee can register independently or receives the access data, consisting of user name and password, at the e-mail address specified in the registration form. The user name is the Lessee's e-mail address. The Lessee can change the password after the first login.

2. In the case of payment by credit card or PayPal, the software is activated immediately after conclusion of the contract; in the case of payment by direct debit, upon granting of the direct debit mandate. For consumers, § 3 no. 3 applies in addition.

3. The software is installed by the Lessee under macOS, Windows, Android or iOS.

4. Use of the software is access-restricted. The Lessee must keep the access data safe and must not pass them on to third parties.

§ 7 Rights of Use

1. For the duration of the rental relationship, the Lessee is entitled to a simple, exclusive and non-transferable use of the software.

2. The software may not be used by several persons via one account.

3. The software may be used on the number of end devices specified in the price and feature overview applicable at the time.

4. The Lessee may only upload or use in the software data, images and content for which the Lessee holds the necessary rights of use. In the case of recordings of persons, in particular of minors, the Lessee is responsible for obtaining the necessary consents.

5. The Lessor is entitled to evaluate and use the usage and statistical data generated with ATHLYZERteam and miniATHLYZER in anonymised or aggregated form, in particular to improve the software and to prepare evaluations. Conclusions about individual persons are excluded. For sponsored licences, § 13 no. 3 applies in addition.

6. The Lessee (e.g. a coach) may make uploaded data available to other persons (e.g. players or other coaches), provided that they are registered with ATHLYZER as further users.

7. All further users registered by the Lessee with ATHLYZER may also share the data made available to them with each other (closed system).

8. In addition, these further users may also share the data made available to them outside the closed system, provided that the Lessee has declared its approval to ATHLYZER generally or in the individual case. Compliance with data protection regulations is in this respect the responsibility of the Lessee and the further users.

9. Resale, subletting or any other provision of the licence to third parties against payment is not permitted.

§ 8 Updates, Further Development, Support

1. The software is continuously developed further and is subject to updates and changes. ATHLYZER provides the updates required for contractual use during the contract term.

2. Changes to the scope of functions are permissible insofar as they are reasonable for the Lessee and contractual use is maintained. ATHLYZER announces material changes that are disadvantageous to the Lessee in text form with six weeks' notice. If the contractually agreed scope of services deteriorates significantly as a result, the Lessee may terminate the contract within one month of receipt of the notification with effect from the date on which the change takes effect.

3. ATHLYZER is not obliged to adapt the software to changed conditions of use and technical or functional developments that go beyond contractual use, such as the scope of functions of competing products or new data formats. The obligation to maintain the software in a condition suitable for contractual use during the rental period remains unaffected.

4. ATHLYZER reserves the right to discontinue support for this software at the end of 2031. Existing contracts remain unaffected: a discontinuation will not take effect before the expiry of the longest fixed contract term running at that time. ATHLYZER announces a discontinuation in text form at least twelve months in advance.

5. ATHLYZER announces maintenance-related interruptions in advance where possible and schedules them, where possible, at times of low usage.

§ 9 Warranty

1. The Lessor provides the software to the Lessee in a condition suitable for contractual use and maintains it in this condition during the rental period.

2. The Lessee reports errors without undue delay in text form and describes them precisely enough to make them reproducible. The Lessor remedies errors that impair contractual use within a reasonable period, as a rule by means of updates.

3. When determining a defect, it must be taken into account that, according to the state of the art, software cannot be created completely free of errors. Insignificant impairments of suitability do not constitute a defect.

4. The Lessor's no-fault liability for defects already existing at the time of conclusion of the contract pursuant to Section 536a (1), first alternative, BGB is excluded. Liability for defects arising later and in the event of delay in remedying defects is governed by § 10.

5. The Lessee's right to reduce the rent remains unaffected. For Lessees who are entrepreneurs, the reduction is limited to the period of the actual impairment; Section 536b BGB remains unaffected.

§ 10 Liability

1. The Lessor is liable without limitation in cases of intent and gross negligence, injury to life, body or health, fraudulent concealment of a defect, within the scope of a guarantee given and under the German Product Liability Act (Produkthaftungsgesetz).

2. In the event of a simple negligent breach of a material contractual obligation, the fulfilment of which makes the proper performance of the contract possible in the first place and on the observance of which the Lessee may regularly rely, the Lessor's liability is limited in amount to the damage typical for the contract and foreseeable at the time of conclusion of the contract.

3. Otherwise, liability for simple negligence is excluded.

4. The Lessor is not liable for the loss of data insofar as the damage is due to the Lessee having failed to carry out data backups and thereby ensure that lost data can be restored with reasonable effort.

5. The above limitations of liability also apply in favour of the Lessor's legal representatives, employees and vicarious agents.

6. The above provisions do not entail a change in the burden of proof to the detriment of the Lessee.

§ 11 Additional Online Storage (ATHLYZERteam Only)

1. Insofar as additional online storage is booked, all provisions of these General Terms and Conditions apply accordingly.

2. Additional online storage is booked for one month at a time. The booking is automatically extended by a further month unless it is terminated in text form with 14 days' notice to the end of the booking period.

3. If additional online storage is agreed for the entire term of a contract, it ends with that contract without the need for termination.

§ 12 Artificial Intelligence Functions, Third-Party Providers

1. When creating and using analysis schemes, the software uses tools based on artificial intelligence. In the background, these are partly provided by services of the provider OpenAI. To provide these functions, the inputs required for this purpose may be transmitted to the respective provider.

2. Results of AI-supported functions may be incomplete or incorrect. They are to be understood as suggestions and must be checked by the Lessee before use. No warranty is given for the accuracy of such results.

3. The Lessee does not enter into AI-supported functions any data in whose confidentiality there is a particular interest, in particular no special categories of personal data within the meaning of Art. 9 GDPR.

4. Which providers are integrated in detail and which data are processed in the process is set out in the privacy policy at www.athlyzer.com.

§ 13 Sponsored Licences

13.1 Definition and Legal Nature

1. Sponsored licences are miniATHLYZER licences that ATHLYZER provides to the Lessee for use free of charge. The costs are borne by a third party (sponsor partner) under a sponsorship partnership with ATHLYZER. The Lessee owes ATHLYZER no remuneration for the sponsored licence, even if the sponsor partner fails to meet its obligations towards ATHLYZER.

2. The sponsor partner does not become a party to this usage relationship and acquires no right to give instructions to the Lessee. The usage relationship exists exclusively between ATHLYZER and the Lessee.

3. No sponsored licences are offered for ATHLYZERteam; a switch from a sponsored miniATHLYZER licence to ATHLYZERteam ends the sponsorship and establishes a paid rental relationship under these terms.

13.2 Conclusion of Contract and Term

1. In derogation from § 2, the contract for a sponsored licence is not concluded by an order but by the allocation of the licence by ATHLYZER and its activation by the Lessee. Upon activation, the Lessee confirms these terms and the Special Terms of Use for Sponsored Licences in text form.

2. In derogation from § 4 no. 1, sponsored licences have no fixed term. They run for the sponsorship period allocated in each case, at most until the end of the underlying sponsorship partnership, and end upon its expiry without the need for termination. § 4 nos. 2, 3 and 5 do not apply.

3. The Lessee may return a sponsored licence at any time in text form. The reallocation of a licence by the sponsor partner is governed by the Special Terms of Use.

13.3 No Remuneration, No Right of Withdrawal

1. § 5 does not apply to sponsored licences. In particular, there are no payment or direct debit obligations; default in payment and a right to block access due to default in payment cannot arise. § 4 no. 6 letters b and c do not apply.

2. As the software is provided to the Lessee free of charge, there is no right of withdrawal under Section 312g BGB. § 3 and the withdrawal notice in the annex do not apply to sponsored licences.

13.4 Default of the Sponsor Partner

1. If the underlying sponsorship partnership ends prematurely or if the sponsor partner fails to meet its obligations towards ATHLYZER, ATHLYZER may end the sponsored use in text form with four (4) weeks' notice.

2. In this case, ATHLYZER offers the Lessee continuation against payment. Such a contract is only concluded if the Lessee expressly accepts the offer in text form.

3. Subsequent claims against the Lessee for the period of sponsored use are excluded. § 4 no. 9 applies accordingly to the data export.

13.5 Scope of Services, Warranty and Liability

1. ATHLYZER provides sponsored licences with the same scope of functions and the same updates as paid miniATHLYZER licences and remedies errors in accordance with § 9 no. 2.

2. The statutory provisions on provision free of charge apply additionally with regard to liability. § 10 no. 1 and nos. 4 to 6 remain unaffected. Liability for material defects exists only insofar as ATHLYZER has fraudulently concealed a defect.

13.6 Advertising

1. In the case of sponsored licences, the display (logo and other identifying marks) of the sponsor partner at agreed places in the software is an inseparable part of the service. It may not be removed, covered, technically suppressed or circumvented.

2. The individual advertising spaces in the software are allocated independently of each other. ATHLYZER is entitled to use unoccupied advertising spaces itself or to allocate them to further companies. In the case of a sponsored licence, the displays of different sponsor partners may therefore appear at different places in the software. ATHLYZER ensures that several displays do not compete for the same space at the same time at one point of contact.

3. ATHLYZER only accepts sponsor partners whose advertising content is appropriate for club and youth sport. The applicable exclusion criteria are set out in the General Terms and Conditions for Sponsorship Partnerships.

13.7 Recording of Usage

In the case of sponsored licences, ATHLYZER records the use of the respective licence and reports on it to the sponsor partner in pseudonymised form. The user name is an e-mail address; it is only disclosed to the sponsor partner with the express consent of the person concerned. Contents of the analyses, video material and data of athletes are not transmitted.

13.8 Supplementary Terms

1. Details of the rights and obligations for sponsored licences, in particular regarding the recording of usage, the reallocation of a licence by the sponsor partner and the end of the sponsorship period, are governed by the Special Terms of Use for Sponsored Licences as amended from time to time. In the event of any conflict, those terms take precedence over these General Terms and Conditions.

2. The Special Terms of Use are made available to the Lessee before activation of a sponsored licence and are confirmed by the Lessee in text form.

3. In the case of sponsored licences, the end of the sponsorship period replaces the current contract term in § 16 no. 3.

4. § 11 (additional online storage) does not apply to sponsored licences, as this is only offered for ATHLYZERteam.

§ 14 Software Area TEAMS

1. TEAMS is a separate area in the ATHLYZER app that allows content such as videos, files and links to be made available to third parties, for example for training, information or team-building purposes.

2. Only data, images and content for which the provider holds the necessary rights of use may be made available.

3. Use is free of charge until further notice. ATHLYZER reserves the right, with at least three months' notice, to make use in future subject to payment of a reasonable fee or to permission to display advertising.

4. Participation in TEAMS takes place via an invitation from the ATHLYZER app. Only such an invitation makes it possible to enter the inviting person's SPACE and to register there. For this purpose, name, e-mail address and date of birth must be provided; these data are stored and processed to enable the use of TEAMS.

5. Minors: The inviting person must ensure that the consent of the persons with parental responsibility has been obtained when inviting minors and must provide evidence of this upon request. ATHLYZER obtains a corresponding confirmation upon registration and makes reasonable efforts to verify this within the meaning of Art. 8 (2) GDPR. If there are indications that consent has not been given, ATHLYZER blocks the access concerned.

6. At the request of a TEAMS user, or in the case of minors at the request of a person with parental responsibility, the account and all data will be deleted.

7. ATHLYZER assumes no liability for the content or manner of communication between the participants of a SPACE, unless ATHLYZER has knowledge of unlawful content. Upon obtaining knowledge, ATHLYZER removes unlawful content without undue delay.

8. In addition, §§ 1 to 13 of these terms apply directly or accordingly to the use of TEAMS, both for the inviting and for the invited user.

§ 15 Data Protection

1. Details on the processing of personal data are set out in the privacy policy at www.athlyzer.com.

2. To be able to work with the software at any time and in any place, it is possible to upload videos and other data from the individual end device to a closed cloud system and to download them from there to other own and third-party end devices.

3. Only servers in the European Union, predominantly in Germany, are used for the cloud system.

4. If data are downloaded from the closed cloud system and made available to third parties, they may reach any number of third parties without further control. The Lessor cannot prevent this, just as other software providers in the same situation cannot. It is therefore the particular responsibility of the Lessee to decide to whom uploaded data are made available.

5. If ATHLYZER processes personal data on behalf of the Lessee, the purposes and means of which are determined by the Lessee – in particular in the case of video recordings of athletes uploaded by the Lessee – the parties conclude a data processing agreement pursuant to Art. 28 GDPR. ATHLYZER provides a template for this; it is available upon request in text form and becomes part of the contract as soon as both parties have accepted it.

§ 16 Amendments to These Terms

1. ATHLYZER may amend these terms insofar as the amendment is necessary to adapt to a changed legal situation, to supreme court case law or to changed market conditions and does not unreasonably disadvantage the Lessee. The essential performance obligations and the remuneration cannot be changed in this way.

2. Amendments are notified to the Lessee in text form at least six weeks before they take effect. The Lessee may object to the amendment in text form until it takes effect. If the Lessee does not object, the amended terms are deemed accepted; this will be specifically pointed out in the notification.

3. If the Lessee objects, ATHLYZER is entitled to terminate the contract at the end of the current contract term. Until such termination takes effect, the previous General Terms and Conditions continue to apply.

§ 17 Final Provisions

1. There are no oral side agreements to this contract.

2. Amendments and additions to this contract must be made in text form. This also applies to any amendment of this clause. The right to amend the contract informally by individual agreement remains unaffected.

3. This contractual relationship is governed by German law. For consumers, this choice of law applies only insofar as the consumer is not deprived of the protection afforded by mandatory provisions of the law of the country of his or her habitual residence.

4. If the contractual partner is a merchant, a legal entity under public law or a special fund under public law, Frankfurt am Main is agreed as the exclusive place of jurisdiction for all claims arising from or on the basis of this contract. The same applies to persons who have no general place of jurisdiction in Germany, who have moved their domicile or habitual residence abroad after conclusion of the contract, or whose domicile or habitual residence is not known at the time the action is filed.

5. The European Commission provides a platform for online dispute resolution. ATHLYZER is neither willing nor obliged to participate in dispute resolution proceedings before a consumer arbitration board.

6. ATHLYZER is entitled to transfer its rights and obligations under this contract to an affiliated company. The Lessee will be informed of this in text form at least six weeks in advance and may in this case terminate the contract with effect from the time of the transfer.

Annex: Withdrawal Notice for Consumers

A consumer is any natural person who enters into a legal transaction for purposes that are predominantly outside his or her trade, business or profession. This notice does not apply to sponsored licences; there is no right of withdrawal there because the software is provided free of charge (§ 13.3 no. 2).

Withdrawal Notice

Right of withdrawal

You have the right to withdraw from this contract within fourteen days without giving any reason. The withdrawal period will expire after fourteen days from the day of the conclusion of the contract.

To exercise the right of withdrawal, you must inform us

ATHLYZER GmbH, Mittelstedter Weg 27 B, 61348 Bad Homburg v. d. Höhe, Germany, telephone +49 15125259779, e-mail info@athlyzer.com

of your decision to withdraw from this contract by an unequivocal statement (e.g. a letter sent by post or an e-mail). You may use the attached model withdrawal form, but it is not obligatory.

To meet the withdrawal deadline, it is sufficient for you to send your communication concerning your exercise of the right of withdrawal before the withdrawal period has expired.

Effects of withdrawal

If you withdraw from this contract, we shall reimburse to you all payments received from you, including the costs of delivery (with the exception of the supplementary costs resulting from your choice of a type of delivery other than the least expensive type of standard delivery offered by us), without undue delay and in any event not later than fourteen days from the day on which we are informed about your decision to withdraw from this contract. We will carry out such reimbursement using the same means of payment as you used for the initial transaction, unless you have expressly agreed otherwise; in any event, you will not incur any fees as a result of such reimbursement.

If you requested to begin the performance of services during the withdrawal period, you shall pay us an amount which is in proportion to what has been provided until you have communicated to us your withdrawal from this contract, in comparison with the full coverage of the contract.

Premature expiry of the right of withdrawal

Your right of withdrawal expires prematurely if we have begun performance after you have expressly consented to our beginning performance before the end of the withdrawal period and you have confirmed your knowledge that by giving your consent you lose your right of withdrawal upon commencement of performance of the contract.

End of withdrawal notice

Model withdrawal form

If you wish to withdraw from the contract, please complete and return this form.
